

TECHNICAL SPECIFICATIONS

MATRIX SPARSH VP210 (Standard SIP)

SPARSH VP210 is a SIP phone that redefines the telephony experience and quality of business communications. It provides features and functions normally available in high-end IP phones such as 128x64 pixel, Backlight Graphical LCD, 4-line display, Integrated PoE, Gigabit Ethernet, and a broad array of Call Management features.

Now with its Standard SIP Protocol, this sturdy desk phone is compatible with any third-party IP system. This helps it protect an organization’s telecom investment while modernizing its front-end architecture. SPARSH VP210 finds its applications in call centers, enterprises, small businesses, and branch offices.
